**Access:**  
Start from Telendos village and follow the marked path to the South Face multi-pitch routes (*Wild Country, Eterna, Wings for Life*). Halfway there, beneath the Inspiration sector high up, and just past a welcome shady tree, is a yellow dot triangle and the name *Titan Towers*. Turn right here and follow a zig-zag yellow paint route up through a boulder field to the elevated base of the prominent towers. Walking time: 45mins
